Education

Chitkara University — Chandigarh, India
Bachelor of Engineering in Computer Science Engineering; CGPA: 8.69 — 2022 – 2026

GD DAV Public School — Jharkhand, India
Class XII; 73% — 2020 – 2022

GD DAV Public School — Jharkhand, India
Class X; 80% — 2019 – 2020

Experience

OctaNet Pvt. Ltd. — Feb 2024 – May 2024
Full Stack Development Intern

- Developed responsive and reusable frontend components using **React.js**, supporting dynamic data rendering and consistent UI.
- Integrated frontend applications with backend REST APIs using **Axios**, handling asynchronous requests, API responses, and errors.
- Implemented reusable UI components and managed application data flow to build responsive and maintainable interfaces.
- Worked with **JavaScript, React.js, HTML, CSS, REST APIs, and Git** in a team-based development environment.

Projects

CloudNotes – Docker, Jenkins, Kubernetes & AWS

- Created a **Dockerfile** to containerize the existing Django application and configure its dependencies and runtime environment.
- Built a **Jenkins CI/CD pipeline** to automate Docker image building and application deployment workflows.
- Deployed the containerized application on **Kubernetes and AWS EC2** using Deployments, Services, and Ingress for orchestration and external access.

ChatSphere – Real-Time Chat Platform — DevOps

- Containerized the existing **3-tier chat application** using **Docker**, configuring separate frontend, backend, and database services.
- Configured a **Jenkins CI/CD pipeline** to automate Docker image builds and application deployment workflows.
- Deployed containerized services on **Kubernetes and AWS EC2** using Deployments and Services for reliable application orchestration.

TalentIQ – Real-Time Interview Platform — MERN Stack

- Developed a full-stack **MERN-based interview platform** supporting real-time video interviews, chat, and collaborative coding.
- Integrated **Clerk, Stream Video, Stream Chat, Monaco Editor, and Judge0 API** for authentication, communication, coding, and code execution.
- Built REST APIs using **Node.js, Express.js, MongoDB/Mongoose** and deployed frontend/backend services using **Vercel and Railway**.

Technical Skills

Languages: Java, JavaScript, C++, Bash, SQL
Frontend: React.js, Tailwind CSS, HTML, CSS
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
DevOps & Cloud: Docker, Kubernetes, Jenkins, AWS, Linux, CI/CD
Monitoring: Prometheus, Grafana
Tools: Git, GitHub, Postman
CS Fundamentals: Data Structures & Algorithms, OOP, OS, DBMS, Computer Networks

Achievements & Certifications

- Solved **500+ DSA problems** across LeetCode, GeeksforGeeks, and CodeChef.
- Completed **Applied DevOps Engineering, Linux Commands & Shell Scripting (IBM), and Linux & SQL (Google)** certifications through Coursera.
